JAMES REDWAY

Furniture Makers American Furniture

James Redway Furniture Makers is a small furniture company located in Woodbury Connecticut. We have been in the business of building solid cherry, quality American furniture since 1986. We build a variety of tables, small chests, footstools, step stools and quilt racks All from solid American Black Cherry. We are well known for and specialize in the construction of small side tables. Our Christmas Table is a Connecticut Classic.

All of our furniture is made by hand using classic joinery methods. Table frames, and benches are made using double pinned mortise and tenon joinery.

We use classic joinery techniques. All table frames are made with double-pinned mortise and tenon joinery.

Wave Series

The new Nantucket Wave Series is a new limited addition line from James Redway Furniture Makers. Premium solid American Black FAS-grade Cherry is used to create this beautiful new line of furniture.

The *Wave Series* is characterized by the tables' graceful wave skirts that lighten up the table design as it moves under the hand-chamfer table top like a gentle swell under the prow of a boat.

Each table is constructed using the same time-tested mortise and tenon joinery and each is finished with five coats of Tung and Teak Oils. All pieces are signed, numbered, dated, and branded with our hallmark
