All In Stock Redway Furniture 10% Off!!! This Weekend Only!

"Do your work as though it were to last a thousand years and you were to die tomorrow," said Mother Ann Lee, who founded the Shakers the last quarter of the 18th century. 2006 will mark James Redway Furniture Makers 20th year in business making and selling quality 18th and 19th Century style furniture. We have a long way before our furniture is 1000 years old, but we know that it can last at least 20 years. The construction techniques we use will ensure it will last for generations. In the 20 years we have been in business we have only had one piece come back to us because of craftsmanship problems, and that customer received a replacement.

In the spirit of Shaker craftsmanship and our upcoming 20 years of conning the general public into buying our furniture, we at The Silver Cherry are please as bunch to offer a 10% Off Sale at our glorious 15th Annual Christmas Open House Weekend. However, in order to receive such said savings so to speak, you (the customer) must know the secret password, and discretely pass it on to one of our few poorly trained Silver Cherry sales professionals. And that secret password is as follows.

Sister Anne Lee sat on a bee while climbing a tree, singing, "I've Got To Be Me."

Say the password, you get the savings. Its as simple as that.

The sale ends promptly at the end of the business day December 4th, 2005. Talk to your doctor before attending this sale. Only 5 chicken wings per customer, napkins included. Void where prohibited.

Merry Christmas

The New Silver Cherry Cookbook

We published our first cookbook in November of 1991. Now after 14 struggling years we are reluctantly ready to introduce our second cookbook. At first we wondered what the heck should we call this cookbook ... **The Revenge of The Silver Cherry Cookbook, The Bride of The Silver Cherry Cookbook, Just When You Thought It Was Safe To Go Back Into The Kitchen... THE SILVER CHEERY COOKBOOK II.** None of these titles seem to fit. So after not much thought and very little effort on our part we decided to call it simply ... **The Silver Cherry Cookbook 2005.** Clever aren't we? So you can look at this book as, the new and improved, stain fighting, denser formula, lemon scented, light resistant, Y2K updated edition.

Actually this book is all about hardy food for hardy souls. There are over 60 recipes in this new edition, with some really great recipes. Farewell Fannie, Back off Betty, get ready for a cookbook you will actually use. From succulent sauces to hardy soups. Learn how to have scalp-sweating barbecues and pasta blow-outs. Everything from Elephant Scabs to Whale Brain. You won't find margarine, cheese wiz, Ritz Crackers, Rice Crispies, MSG, corn starch, in any of the recipes. Just real food with great ingredients. We won't make you separate eggs, or use every pan in your kitchen.

This book is dedicated to my friends and family who throughout the years enjoyed throwing down a few cold ones on steamy summer nights while watching ribs smoke on the barbie, or whipping up a Five Star pasta dinner on chilly November nights while watching the "Giants" lose to almost everyone they played, or to grilling up steaks on the patio out back during the height of a snowy New England NorEaster. Whatever the venue, the results were always the same. Great recipes that we have used for years and years, and some new ones as well.

Bon Appetit --> {Required statement for any cookbook.} **The Silver Cherry Cookbook 2005 - \$19.95.** The Tequila Lime Chicken recipe alone is worth the price of the book...Honest.

The Big Bell

Need a really big bell? We have one! You won't find one of these babies at Walmart. Ring in the New Year in a very big way. Total Measurements: 18" Wide, 28" Long

Ring In The New Year At \$75.00

No need for satellite maps, radar or computer models. All you need is our Woodsman's Weatherstick (say that 3 times in a row) to predict the weather. Easy to use. Simply hang it on an outside wall or door casing which is exposed to the weather. When the stick bends down it foretells of foul weather. When it bends up, good weather is on the way. Believe it or not, it actually works quite well. We have had one for years. Made in Maine. Makes a great stocking stuffer. **Only \$6.00.**

THIS WEEKEND
KO KO KANA COOKIES

Come in this weekend for a bag of our famous Ko Ko Kana Spicy Ginger and Molasses Cookies freshly baked for your enjoyment. A Silver Cherry Holiday Tradition. They're Ko Ko Kana good.

Learn How To Build A Small Table With Our Software

If you ever thought about building your own furniture or know someone who has a desire to learn how to build furniture, then our "**Small Table Making**" software is the best possible tool you can use. **This is the perfect holiday gift for anyone interested in building furniture.**

We take you through the entire process of building the Christmas Table from start to finish using over 45 minutes of full-motion video, animated agents that can read out all the text out loud to you, and over 350 images. You can set the software to "Presentation Mode" and sit back and watch the software self-run, just like a movie and receive over 3 1/2 hours of detailed instruction. Unlike books or videos, we leave nothing out. We cover every single, solitary step of the process. This is better than taking a live class, because unlike a live class you can go back and review the material anytime with just a click of the mouse. We even help you avoid mistakes before they happen.

Also included are modules that help you calculate board feet and lumber costs, estimate the moisture content of your lumber, calculate skirt sizes for other projects, as well as 12 other Redway designs you can use in case you would rather build another table besides the Christmas Table.

The Woodbury Mirror

The Woodbury Mirror combines the beauty of flowers with the warm texture of wood. Back in 1981 we came up with a way to make "Flower Photograms." Utilizing a unique process in photography, freshly cut flowers were carefully arranged between glass. In the darkroom we flashed light through the arrangement onto *Cibachrome II* color photography paper. The result, a quality print with the softness of watercolors and the illusion of pressed flowers. Unlike other types of photography, *Cibachrome II* prints do not lose their color or fade with age. We have mirrors over 20 years old that look as fresh as the day we picked the flowers. We have now perfected the process using our computers and can create an archival print using archival pigments that will last in excess of 70 years.

\$140.00

The flower photogram is then mounted to a 11" x 24" mirror, bordered with grosgrain ribbon, and protectively covered with an additional sheet of float glass. All Woodbury Mirrors are handsomely framed in handcrafted native Cherry or Black Walnut moldings.

Woodbury Mirrors are available on limited run additions and are only available at *The Silver Cherry*. **They make a great holiday gift. We have also found customers love to give these mirrors as wedding gifts.**

We have produced 6 different styles of prints for 2005. You can see all the prints and the choices of ribbons and moldings on our website:

<http://www.redway.com/mirrors>.

You can choose your molding color, ribbon color, and photogram and we will put it all together for you in time for the holidays. Already made up Woodbury Mirrors can also be purchased at The Silver Cherry

Cool Stuff For All Of Us

Our new Rocket Pens make a great stocking stuffer for kids. The Rocket Pen can write and blasts off from its launch pad. Simply press the rocket into the launch base. Push the ignition control button and watch it blast off reaching an awesome altitude of over 3 feet. The soft nose cone helps insure it will not impale your child, which would not be a very pleasant way to say Merry Christmas. The box says that it is designed for children 8 and up, but you know how uptight boxes can be. It also suggests that you do not stand right over it when you launch the rocket, or point it at other people or animals. So what fun will it be if you can't shoot it at your friends? They also say to never alter the Rocket Pen in any way. I have no idea how you would alter the pen outside strapping an Estes Rocket Engine to it and letting it rip in your living room at about 300 m.p.h.. But maybe you should save that for New Years Eve.

The Faithful Rocket Pen Blasts Into This Holiday Season For Only \$8.50.

Amazing New Faucet Light

When we visited the Boston Gift show last fall we were sucked into the amazing Faucet Light display. Attach this little gizmo to any faucet and when you turn on the water, the water stream is illuminated as it comes out with a brilliant blue light. The light goes on when you turn on the faucet and goes off when you turn it off. Great for the kid's bathroom. Dazzle your holiday guests when they use your powder room this season. Installs in less than a minute and comes with universal adaptors. Batteries can easily be changed and an extra set are included. Makes a great gift, although you can't shoot it at anyone like the Rocket Pen, but your friends and family will think you are a bathroom god.

Amazing Faucet Light At The Amazing Price Of Only \$19.95.

The Boston Bum Steer Moo Mixer

At the Boston Gift Show when we got sucked into the Rocket Pen display, Liza got suckered into buying these Moo Mixers for kids. Just add milk and chocolate press the activation button and the Moo Mixer mixing whisk goes into action creating a powerful swirling motion inside the glass, quickly mixing up the chocolate milk. No fuss, no muss. I told Liza these will never sell. She told me that I was absolutely no fun at all, and they certainly will sell. You be the judge.
